EDUCATION

Bachelor of Business Administration - BBA Sanghvi Institute of Management and Science

04/2018 - 07/2020

Indore, Madhya Pradesh

PERSONAL PROJECTS

Fit-n-Fine [🔗](#)

- "Crafting a seamless Responsive Web Design tailored to diverse screen sizes and resolutions."

Haven [🔗](#)

- Developed an internal application, Haven, exclusively for staff use within a boutique hotel, facilitating comprehensive hotel management tasks such as check-ins, bookings, cabin management, and guest services.
- Key features include React Query, Styled Components, React Hook Form, Authentication, Charts, Dark mode, with Supabase utilized for backend operations.

React-Pizza-Co. [🔗](#)

- Crafted a dynamic pizza ordering platform using React.js, enriched with React Router, Redux, Redux Toolkit, Thunks, and Tailwind CSS for seamless navigation and enhanced user experience.

WORK EXPERIENCE

Front-end Developer Baoiam Innovatives Pvt Ltd

10/2023 - 02/2024

Noida, India

Achievements/Tasks

- Projects: Spearheaded frontend development for two live projects: the official Baoiam website, an E-learning platform, alongside Divueens, a cosmetic product website. Tasks included page creation, optimization, ensuring responsiveness, and issue troubleshooting.
- Technologies: Proficient in HTML, CSS, JavaScript, React, Tailwind CSS, and GitHub for project execution.
- Leadership: Promoted to Team Lead, managing workflow, task delegation, and interdepartmental coordination, notably with backend integration using Django Python.
- Enriching: Hands-on experience in frontend development, project management, and interdisciplinary collaboration, refining expertise in the field.
